Summary:The Board of Directors will consider a Resolution for Application to annex the City of Ukiah into the Ukiah Valley Fire District, and amend the Ukiah Valley Fire District's Sphere of Influence to include the city of Ukiah.

Background:At a joint meeting of the Ukiah Valley Fire District Board of Director and the Ukiah City Council held on June 17th 2020, staff was directed by both bodies to move forward with initiating the process of annexation of the city into the fire district.

Discussion:As a result of the direction given at that meeting on June 17th 2020, staff has worked to produce the necessary documents to submit to the Mendocino County Local Area Formation Commission to annex the City of Ukiah into the Ukiah Valley Fire District and amend the Ukiah Valley Fire District's Sphere of Influence to include the City of Ukiah.

The Fire Executive Committee, at it meeting on May 12th 2021 agreed that this was the best and necessary action to address the funding shortfalls for the fire district

Attachment 1 is the Resolution to annex the City of Ukiah and amend the Ukiah Valley Fire District's Sphere of Influence to encompass the City of Ukiah.

Attachments 2, 3, and 4 are the Justification for Annexation (Attachment 2), Plan for Services (Attachment 3), and a list of all the parcel numbers (APNs) to be included in the annexation (Attachment 4).

Attachments 4, 6, and 7 are the Justification of amending the Sphere of Influence (Attachment 5), Plan for Services (Attachment 6), and a list of all the parcel numbers (APNs) to be included in the expanded Sphere of Influence (Attachment 7).

Attachment 8 is a map of the overall service area of the Ukiah Valley Fire Authority showing current city and fire district boundaries.

Attachment 9 is a Notice of Exemption from the California Environmental Quality Act (CEQA).

Recommended Action: Adopt the Resolution of Application to annex the City of Ukiah into the Ukiah Valley Fire District, amend the Ukiah Valley Fire District's Sphere of Influence to include the City of Ukiah, and authorize staff to sign and submit any necessary documents to the Mendocino County Local Area Formation Commission.

Ukiah Valley Fire Protection District Resolution No. ____

**RESOLUTION BY THE UKIAH VALLEY FIRE PROTECTION DISTRICT
OF APPLICATION TO INITIATE PROCEEDINGS
FOR THE ANNEXATION OF THE CITY OF UKIAH
AND
TO INITIATE PROCEEDINGS TO AMEND THE FIRE PROTECTION
DISTRICT’S SPHERE OF INFLUENCE TO INCLUDE THE CITY OF UKIAH**

WHEREAS:

1. The Ukiah Valley Fire Protection District (the “Fire District”) and the City of Ukiah (the “City”) began the process of consolidating the management and delivery of fire prevention and protection services (collectively “Fire Services”) within their respective jurisdictions in 2017 by entering and operating under an Agreement for Shared Management of Fire Departments (“2017 JPA”), dated July 1, 2017; and

2. Pursuant to the 2017 JPA, the City and the District consolidated the provision of Fire Services under the name “Ukiah Valley Fire Authority” by (1) sharing the use of District fire stations, (2) making all fire protection personnel City employees, (3) combining the fire fighting equipment and assets of the City and the District to provide Fire Services to the City and District under one unified command structure, headed by a Fire Chief, serving both the City and the District; (4) reducing District costs and taking advantage of economies of scale by having the City provide the District with financial and general services, including accounts payable, procurement, billing and accounts receivable, general accounting and reporting, budget development and monitoring, human resources and clerical services as requested by the District; and (5) creating an Executive Committee, consisting of two City Council members and two District Board members, to coordinate decision-making by the governing bodies of the City and the District; and

3. Under the 2017 JPA, and upon the recommendation of the Executive Committee, the City Council and District Board of Directors adopted an annual budget for the combined operations of the Ukiah Valley Fire Authority with the understanding that the annual shared costs of operation should be shared equally by the District and the City; and

4. The District’s revenues consist exclusively of its share of property taxes imposed on property within the District as determined by Division 1, Part 0.5, Chapter 6, beginning with Section 50 of the Revenue and Taxation Code and two special taxes

adopted by 2/3 of District voters as Measures J and B (collectively, “Measures J and B”); and

5. Subject to the lawful approval of the voters within the Fire District, the Fire District Board adopted Resolution 97-1 on February 12, 1997, and adopted Ordinance 97-1, on March 12, 1997, (“Measure J”) which imposed a special tax of \$50.00 per identified unit upon certain parcels of property based on that parcel’s use; *provided* however, that in the event a subject property has more than one actual use, only the single highest and best use of the property be subject to the special tax.

6. The Fire District Board held a public hearing on another special tax on June 11, 2003 (“Measure B”). A hearing on Measure B was held on November 4, 2003, and, having been approved by over 2/3 of District voters, Measure B was imposed and became effective on July 1, 2004. Measure B levies a rate of \$10.00 per unit using the uniform schedules and rates found in Section 7 of Ordinance 97-1, calls for Measure B to be collected in the same manner and subject to the same penalty as, or with, other charges and taxes fixed and collected as agreed to with Mendocino County, and provides that Measure B shall be levied in addition to any other tax that the District is authorized by law to collect and receive.

7. The combined District revenue from property taxes and Measures J and B do not produce enough revenue for the District to pay its full share of the budgeted annual expenses and required capital expenditures of the Ukiah Valley Fire Authority; and

8. On June 17th, 2020, the District and the City entered an Amended and Restated Agreement for Shared Management of Fire Departments (“2020 Amended JPA”), which only becomes effective upon annexation of the City by the District; and

9. The 2020 Amended JPA can only be terminated by the mutual agreement of both the City and the District. Accordingly, neither party can terminate the 2020 Amended JPA unless both parties agree that termination will not prejudice the ability of the parties to provide fire prevention and protection services after the agreement is terminated; and

10. Health and Safety Code (“HSC”) § 13810 expressly authorizes the District to annex territory within the boundaries of the City; and

11. In 2005 the City voters approved Advisory Measure T which advises the City Council to use all the proceeds from the half-cent sales tax enacted by Measure S to fund public safety services, including police and fire services; and

12. HSC § 13911 empowered the District to levy the special taxes enacted as Measures J and B pursuant to Government Code § 50075 et seq.; and

13. Under Gov Code §57330 any territory in the City annexed to the District will become subject to the taxes previously enacted within the District, including Measures J and B; and

14. Annexation of the City by the District will provide necessary additional revenue to the District to enable it to fund its share of the costs of providing Fire Services through the Ukiah Valley Fire Authority to its residents and businesses and to enable the District and the City to staff the Ukiah Valley Fire Authority, make needed capital improvements to the District's fire stations and facilities, and acquire much needed equipment to effectively provide Fire Services and to better cope with the increasing risk of emergency; and

15. The District and the City have determined that the District is to serve as lead agency for purposes of complying with the California Environmental Quality Act ("CEQA"); and

16. As lead agency, and in accordance with CEQA and the City's CEQA Guidelines, the Fire District Board has reviewed the attached Justification for Proposal to annex the City of Ukiah for Fire Services (the "Fire Services Annexation"), including the Plan for Services, and the provisions of CEQA and has considered whether any direct or indirect physical changes to the environment will result from the Fire Services Annexation and has considered whether the Fire Services Annexation may possibly have a significant effect on the environment; and

17. The City is not currently within the District's Sphere of Influence ("SOI") and therefore, to effect the Fire Services Annexation, the District's SOI must be amended to include the City (the "Fire District Sphere Amendment"); and

18. The District desires to initiate the Fire Services Annexation and the Fire District Sphere Amendment.

NOW, THEREFORE, the Board of Directors of the Ukiah Valley Fire Protection District does hereby resolve and order as follows:

1. This proposal is made, and it is requested that proceedings be taken, pursuant to the Cortese/Knox/Hertzberg Local Government Reorganization Act of 2000, commencing with section 56000 of the California Government Code.
2. The current circumstances, including the financial situation of the Ukiah Valley Fire Authority and the hydrologic situation along with the increased threat of fire, makes the Fire Services Annexation and Fire District Sphere Amendment matters of paramount importance to the health and safety of the residents of the Ukiah Valley.

3. That the Fire District submit the attached Justification of Proposal to Annex the City of Ukiah (the “Fire Services Annexation Proposal”), including the Plan for Services attached to the Fire Services Annexation Proposal, attached as Exhibit 1, to Mendocino LAFCo and take all steps necessary to effect the Fire District Annexation.
5. That the Fire District submit the attached Justification of Proposal to Amend the Fire District’s Sphere of Influence (the “Fire District Sphere Amendment Proposal”), including the Plan for Services attached to the Fire District Sphere Amendment Proposal, attached as Exhibit 2, to Mendocino LAFCo and to take all steps necessary to effect the Fire District Sphere Amendment, including the Fire Services Annexation.
6. A map of the territory proposed to be affected by the Fire District Annexation and the Fire District Sphere Amendment is set forth in Exhibit 3, attached hereto and incorporated herein, and is inhabited, adjacent, and contiguous to the District’s boundaries.
7. Once approved, the the Fire District Board intends that the Fire Services Annexation Proposal will be consistent with the District’s amended Sphere of Influence.
8. This Resolution of Application is subject to the terms and conditions as set forth in the 2020 Amended JPA, attached hereto as Exhibit 4.
9. Through the Fires Services Annexation and the Fire District Sphere Amendment, the Fire District intends to levy taxes, including Measures J and B, within the territory proposed to be annexed and understand that such levy will provide the District with the District’s full allocation of taxes determined by the County Auditor pursuant to Revenue and Taxation Code Section 99(b)(2).
10. The Fire District understands that the City consents to levying taxes, including Measures J and B attached hereto as Exhibit 4, and to the allocation of those taxes to the District for those taxes’ respective purposes and as will be determined by the County Auditor pursuant to Revenue and Taxation Code section 99 (b)(2).
11. The Fire Disrict finds that the Fire Services Annexation and Sphere of Influence Amendment are exempt from CEQA under Public Resources Code section 21065 and CEQA Guidelines section 15378 (a), because these actions do not have the potential to result in either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment. The Fire Services Annexation and Fire District Sphere Amendment will not require construction of any new infrastructure or any change in the scope or intensity of the manner in which the District provides services.

12. The Fire District finds that, even if the Fire Services Annexation and Sphere of Influence Amendment were considered a project under CEQA, those actions are categorically exempt from environmental review under CEQA Guidelines section 15061(b)(3) because it can be seen with certainty that there is no possibility the proposed actions may have a significant impact on the environment. Neither the Fire Services Annexation or the Sphere of Influence Amendment, or both of them together, will change the type, intensity, or manner of services the District already provides. The same services will be provided by the same personnel from the same stations pre- and post-annexation. Similarly, even if the proposed actions were considered a project or projects under CEQA, the actions are categorically exempt from environmental review CEQA Guidelines sections 15261 and 15301 because the subject services constitute an ongoing project approved prior to November 23, 1970 and involve the continued operation and maintenance of existing facilities and involve no expansion of existing or former use.
13. The Fire District finds that the Fire Services Annexation and Sphere of Influence Amendment are categorically exempt from environmental review under CEQA Guidelines section 15320 for changes in organization or reorganization of local governmental agencies where the changes do not change the geographical area in which previously existing powers are exercised. This exemption applies because the annexation is a change in the District's revenue structure that does not change the District's manner of providing services or the physical characteristics of its service area. The same services will be provided by the same personnel from the same stations pre- and post-annexation.
14. The Fire District finds that no evidence has been presented that the Fire Services Annexation and Sphere of Influence Amendment involve any unusual circumstances that might result in a significant effect on the environment as those terms are used in CEQA Guidelines section 15300 (c).
15. The Fire Chief and Fire District and supporting staff are hereby directed and authorized to take any and all actions necessary to effect the purposes of this Resolution, to include filing the Notice of Exemption attached hereto as Exhibit 5, and are hereby directed to provide the Board of Directors with a regular update on the status of these efforts.

ADOPTION BY UKIAH VALLEY FIRE PROTECTION DISTRICT

PASSED AND ADOPTED by the Board of Directors of the Ukiah Valley Fire Protection District this 18th day of May 2021 by the following roll call vote.

JUSTIFICATION OF PROPOSAL

Please complete the following information to process an application under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (indicate N/A if Not Applicable)

SHORT TITLE OF THE PROPOSAL: **Ukiah Valley Fire District Annexation of the City of Ukiah for Fire Services (“Fire Services Annexation”) – NOTE: This Fire Services Annexation Proposal is submitted jointly with the Ukiah Valley Fire District’s Proposal to Amend its Sphere of Influence.**

TYPE OF PROPOSAL

- | | | |
|--|---|---|
| ☐ City Incorporation | ☐ Sphere of Influence Amendment | ☐ District Formation |
| ☒ Annexation | ☐ Sphere of Influence Update | ☐ District Dissolution |
| ☐ Detachment | ☐ Out-of-Agency Service | ☐ Consolidation |
| ☐ Add Latent Power | ☐ Reorganization (involving an Annexation and Detachment(s)) | |

AGENCY CHANGES RESULTING FROM THIS PROPOSAL

Agency or Agencies gaining territory: Ukiah Valley Fires District

Agency or Agencies losing territory: City of Ukiah (for purposes of Fire Services only)

NOTIFICATION

Please indicate the names, addresses and telephone numbers of all Applicants, Applicant’s Agents, and all affected Agencies who are to receive the hearing notice and the Executive Officer’s Report:

Name	Mailing Address	Telephone/Email Address
<u>Doug Hutchison</u>	<u>300 Seminary Ave., Ukiah, CA 95482</u>	<u>707.462.7921/dhutchison@cityofukiah.com</u>

--	--	--

(Attach a separate sheet if necessary.)

PROJECT INFORMATION

Please provide project-related information for the following questions:

1. Do the proposed boundaries create an island of non-agency territory? ☐ Yes ☒ No
2. Do the proposed boundaries split lines of assessment or ownership? ☐ Yes ☒ No
3. Does the proposal involve public rights-of-way or easements? ☐ Yes ☒ No
4. Does the proposal involve public land or land assessed by the State? ☐ Yes ☒ No
5. Does any part of the proposal involve land under a Williamson Act Contract or Farmland Security Zone? ☐ Yes ☒ No
6. Does any part of the proposal involve land with a Wildlife/Habitat Easement or Agricultural Land Conservation Easement? ☐ Yes ☒ No

List the affected Assessor Parcel Numbers, Owners of Record and Parcel Sizes (attach separate sheet if necessary):

Assessor's Parcel Number (APN)	Owner of Record	Parcel Size (Acres)
Please see attached list.		

7. Physical Location of Proposal: **The City of Ukiah City Limits**

(Street/Road, distance from and name of Cross Street, quadrant of City)

8. Has an application been filed for an underlying project (such as Development Plan, Conditional Use Permit, or Tentative Subdivision Map)? ☐ Yes ☒ No

If Yes, please attach a Project Site Plan or Tentative Subdivision Map.

If No, please provide an estimate of when development will occur: **Not Applicable.**

9. List those public services or facilities which will be provided to the affected territory as a result of the proposed action:

Please see attached Plan for Services.

10. Indicate which of these services or facilities will require main line extensions or facility up-grades in order to serve the affected territory:

None.

11. Has the affected agency negotiated a tax share agreement or made a determination that the proposal is revenue neutral (Section 99 of the California Revenue & Taxation Code)? Please include documentation or explanation.

The City of Ukiah understands that, in accordance with Revenue & Taxation Code, section 99 (b), once this Justification of Proposal is submitted to LAFCo, the Executive Director will transmit that application to the County Assessor and the County Auditor. Those officials are then to provide information about the allocation of local governments of property tax revenues generated in the affected area, in our case the City of Ukiah. The County Auditor is then to notify “each local agency whose service area or service responsibility will be altered of the property tax revenue “that is subject to a negotiated exchange.” (Rev. & Tax Code, § 99 (b)(3).)

12. Provide any other justification that will assist the Commission in reviewing the merits of this request. (Attach separate sheets as necessary)

Please see attached Plan for Services.

SUBMITTALS

In order for this application to be processed, the following information needs to be provided:

- ☐ Two copies of this Justification of Proposal, completed and signed with original signature(s)
- ☐ Agreement to Pay form, completed and signed with original signature(s)
- ☐ Five prints of a full-scale proposal map showing the affected territory and its relationship to the affected jurisdiction (and prepared to State Board of Equalization specifications) – include an electronic version if available
- ☐ Five copies of an 8.5” x 11” or 11” x 17” reduction of the proposal map, include an electronic version if available
- ☐ Three copies of a metes and bounds description of the affected territory, include an electronic version if available
- ☐ One certified copy of the City Council and/or Special District Board of Directors Resolution of Application; or a petition making application to LAFCo (as appropriate)
- ☐ Written permission from each affected property owner (or signature form)
- ☐ One copy of the project environmental document (One Compact Disc if more than 25 pages)
- ☐ One copy of the project Notice of Determination
- ☐ Three 8.5” x 11” copies of the Vicinity Map (if not included on the proposal map);
- ☐ One copy of the plan for providing services along with a schematic diagram of water, sewer and storm drainage systems (refer to Government Code Section 56653);
- ☐ One copy of the Tax Share Agreement
- ☐ One copy of the Pre-Zoning map or description (as required by Section 56375);
- ☐ One copy of the Statement of Open Space (Ag) Land Conversion (refer to Section 56377);
- ☐ One Copy of the Statement of Timely Availability of Water Supplies (refer to Section 56668(l);
- ☐ One copy of the Statement of Fair Share Housing Needs (if residential land uses are included in the proposal) (refer to Section 56668(m));
- ☐ One copy of the project design (site plan, development plan, or subdivision map);
- ☐ One copy of the Residential Entitlement matrix form (if residential land uses are included in the proposal); and

- ☐ Filing and processing fees in accordance with the LAFCo Fee Schedule and the State Board of Equalization Fee Schedule.

Note: Additional information may be required during staff review of the proposal.

CERTIFICATION

The undersigned hereby certifies that all LAFCo filing requirements will be met and that the statements made in this application are complete and accurate to the best of my knowledge.

Plan for Providing Services

The Ukiah Valley Fire Protection District (the “Fire District”) proposes to annex the City of Ukiah (“Ukiah” or the “City”) for purposes of providing all services that are deemed necessary and allowed pursuant to the Fire District Law of 1987 to include: Fire protection, Emergency Medical Services, Rescue services, Hazardous materials emergency response services, Ambulance services, and any other services deemed necessary related to the protection of lives and property to the City of Ukiah that a Fire Protection District is authorized to provide.

Currently, the Fire District provides fire services to Ukiah through the Joint Exercise of Power Agreement entered into between the Fire District and Ukiah (the “Fire JPA”). The Fire District’s personnel are all Ukiah employees and all Fire District fire stations are located outside Ukiah.

The purposes of the proposed annexation are to: further strengthen the operating relationship between the Fire District and Ukiah; establish a fair and equitable funding resource for fire and emergency medical response services for all Ukiah Valley residents; and ensure fiscal stability of fire and emergency medical response services for the long-term benefit of Ukiah Valley residents served by the Fire Authority.

Should LAFCo approve the proposed annexation, the same services currently being provided will continue to be provided by the same personnel using the same facilities and equipment. If approved, the annexation will allow the Fire District to meet its share of the 50/50 operating cost share called for in the Fire JPA, which will directly benefit the Fire Authority’s ability to maintain existing levels of service and to provide improved fire and emergency medical response services to all Ukiah Valley residents.

1. Enumerate and describe the services to be extended to the affected territory.

The Fire District provides fire suppression, advanced life support, technical rescue, hazardous materials emergency response, Fire Code plan reviews, fire and life safety inspections, and public education services (“fire services”) to the City of Ukiah and the Fire District.

The Fire District provides fire protection services to the City of Ukiah and to approximately 80 square miles to the north, east, and south of the City. Its boundaries stretch from Highway 101 at Nelson Ranch Road to the south to the Gold Gulch drainage on Highway 101 to the north – including the southern half of Lake Mendocino – to the top of Cow Mountain to the east and the top of Highway 253 to the west.

The Fire District serves a population of around 34,000, with approximately 16,000 inside the City and approximately 17,000 outside.

2. The level and range of those services.

The Fire District owns three stations and operates primarily from two. Each station has a Type I Engine owned by the City, a Type II/III Engine owned by the District, and an Ambulance owned by the City. Additionally, the District's Volunteer Firefighters work primarily out of the City owned Central Fire Station, which also houses a mixture of City- and District-owned apparatus.

In 2020 there were 3761 calls for service, with 2507 within City limits and 1254 in the Fire District. Average response times vary throughout the Ukiah Valley with an average of five minutes fifty-five seconds within City limits. The Fire District has an Insurance Services Office rating of 4 on a scale of 1 to 10, with 1 being the highest score.

Based on the International City Manager's Association's recommendation of .98 firefighters per thousand residents, the Fire District should have at least thirty-three firefighters. The National Fire Protection Association Code and Standard 1720 calls for a minimum of fifteen firefighters to respond to a residential structure fire in an urban area (defined as an area with more than 1000 people per square mile). With current personnel resources, the Fire District rarely achieves half that.

The Fire District is authorized nineteen full-time firefighters¹, not counting an administrative assistant. Broken down by official title, those nineteen positions reflect: one Fire Chief, three Battalion Chiefs, six Captains, six Engineers, and three Firefighters. The Fire District employs no full-time firefighters and has twenty volunteer firefighters. All full-time staff are employees of the City, and reflect the authorized positions, except that the Fire District is short one Battalion Chief and one Firefighter. Daily, on-duty staffing is five full-time firefighters covering two stations.

Often Engines are sent on a call as "Engine Couples" rather than as an Engine Company. The task organization of a Fire Engine Company typically calls for a Captain, an Engineer, and a Firefighter. Current personnel resources very often preclude forming an Engine Company, and instead often result in two firefighters on an Engine. This personnel restriction further exacerbates the concurrent call situation because the Fire District often has to send both Engine Companies (as "Engine Couples") to a single incident to have sufficient firefighters on the scene. For example, a fire that requires three firefighters may result in two Engine Companies responding, with no remaining firefighters available to respond to a concurrent call.

The Fire District works cooperatively with state and local agencies. It has automatic aid agreements with Cal FIRE, and a mutual aid agreement with Redwood Valley / Calpella Fire District and the Hopland Fire Protection District. The Fire District is a sponsor of the Mendocino Fire Safe Council.

¹ To avoid confusion, as used primarily in this document, the terms "firefighters" and "firefighter" are intended to mean those employees engaged directly in firefighting activities. In comparison, the terms "Firefighters" and "Firefighter" reflect a specific position with specific responsibilities and qualifications.

The Fire District and the City have been maximizing the efficient provision of fire services in Ukiah Valley since 2012. In 2012, Ukiah hired the Fire District Chief to also serve as the Ukiah Fire Department's Chief and approved a cooperative agreement with the Fire District to drop jurisdictional boundaries of the two fire agencies. Since that time, the two entities have taken additional steps to improve efficiencies, including entering into the Fire JPA.

3. Indicate when those services can feasibly be extended to the affected territory.

As indicated above, upon approval of the proposed annexation, the same services currently being provided in the Fire District and within Ukiah will continue to be provided by the same personnel using the same facilities and equipment. Therefore, services will be extended to Ukiah. While it is plausible that, once financing equilibrium has been achieved between Ukiah and the Fire District through approval of the proposed annexation, certain components of fire services may be increased or improved, it would be entirely speculative at this point to guess what those increased or improved services may be, as those decisions will need to be informed by current circumstances by the elected leadership of Ukiah and the Fire District. In any event, Ukiah and the Fire District seek to maintain service levels to the existing service territory to the extent of available resources.

4. An indication of any improvement or upgrading of structures, roads, sewer or water facilities, or other conditions the local agency would impose or require within the affected territory if the change of organization or reorganization is completed.

Although not required or planned for at this time, the Fire District is expected to realize a net gain of approximately \$500,000 annually toward rebuilding its reserves, and these revenues may be used in any number of ways related to improve fire and emergency medical services within the Fire District's boundaries, to include additional personnel, equipment, or facilities. This increase in annual net revenue will be accomplished by applying its current special tax measures, Measures B and J, and mitigation fees on properties within Ukiah's City Limits.

While it would be entirely speculative and inappropriate to identify and commit to specific improvements upon annexation, there are a number of readily identifiable deficiencies under the current regime. Those deficiencies include: inadequate sleeping quarters for personnel, ADA non-compliance, seismic deficiencies, and emergency generators for power during outages.

5. Information with respect to how those services will be financed.

Background

The current arrangement for funding of the Authority is a 50/50 split between the City and District in operational costs, including personnel, services, materials, and supplies; capital maintenance; and indirect costs. Capital outlays are the responsibility of each agency independently, as is any respective outstanding debt service. The District was unable to fully fund its participation in this arrangement given its available revenue sources, so the City agreed to subsidize a portion of the District's share for a limited time until the District could generate new or enhanced. As a result, the effective cost share has not been the agreed upon 50/50 split but

rather a ratio closer to 75/25 City. And even at this de facto cost-share, the District's revenues have been insufficient, requiring it to draw down available reserves.

The City and District are fundamentally different governmental entities. The City is a general-purpose government providing various municipal services deemed necessary and desirable by the City Council. Those include public safety, such as police and fire services, public works (streets and public rights-of-way), recreation and culture, building, and planning. To fund those services, it levies and collects within its jurisdictional boundaries various sources of general revenues, including property and sales taxes. It also provides utility services, including water, wastewater (sewer), and electricity services. However, under Propositions 218 and 26, revenues collected from utility rates, fees, and charges can only be used in the provision of those services and cannot be used for police or fire. The District is a special-purpose governmental entity – to provide fire prevention, protection, and response services to the unincorporated areas of the Ukiah Valley within its jurisdictional boundaries. All revenues it levies and collects can be used only in the provision of fire services. Its primary revenue sources are property taxes and assessments.

These different revenue sources are not applied throughout the entire service area. Both the City and District receive only minimal portions of the 1% ad valorem property tax and at different rates. Inside city limits, sales tax is collected, with additional funds collected through Measure P, dedicated by the City Council to fund public safety. Measure P funds are inadequate to wholly fund the City's contribution to the Fire Authority, requiring additional contribution of other City general fund dollars. The District collects no sales taxes. Instead the District relies on two special tax measures, Measures J and B, that assess a flat amount per benefit unit on a given parcel. These two measures make up the bulk of the District's tax revenue. The number of benefit units varies based upon the development and use of the property. The major weakness of these special District taxes is that they are flat taxes without adjustments for inflation, that have not increased since they were approved by voters and have lost considerable value due to inflation. Additionally, Measure B can only be used for equipment and training, not additional staffing which is a critical need at this time.

Proposed Financing Solution

The proposal is for the District to annex fire services from the City, which effectively would overlay the District's proprietary special tax measures, known as Measures B and J, as well as their mitigation fees on properties within city limits. Estimates put new revenue generation from the overlay between \$850K to \$1 million annually. It is a fair, stable, and equitable application of revenue generation that would benefit the entire services area and ensure funding in the intermediate term for adequate fire protection and response services for all served by the City and District.

Additional revenue to the District (estimated to begin in the 2022-23 fiscal year) resulting from the overlay will allow the District to participate in the Authority's funding more closely to the agreed upon 50/50 cost share target with less direct subsidy by the City (see Figure 1). Lack of those additional revenues will degrade the District's contribution further and require the City to contribute an even greater share of the operational cost of the Authority from general revenues (of which sales tax in a significant portion), ultimately resulting in District residents who provide sales

tax dollars to the City of Ukiah bearing a disproportionally larger cost burden (see figure 2). Further, to maintain its contribution even at a 76/24 (2020) share with no additional revenue, the District would need to continue to draw down reserves, a practice that is unsustainable in the intermediate and long term.

This recommended funding solution is the first step to ensure adequate and equitable resources are available to ensure fire mitigation and response services to the greater Ukiah area. The constraint of measure B and J not having an annual inflator will still inhibit funding growth commensurate with growth in service demand and service costs and will certainly need to be addressed in the future; however, this proposal is the most efficacious and practical path forward. Doing so would also not necessarily require altering the current agreement for shared management we have in place and would serve to strengthen the bonds between the City and District.

Figure 1²Figure 2³

² More detail is provided in Schedule 1, attached hereto. Proposed new revenues from overlayed District property taxes would begin in 2023.

³ More detail is provided in Schedule 2, attached hereto. Proposed new revenues from overlayed District property taxes would begin in 2023.

JUSTIFICATION OF PROPOSAL

Please complete the following information to process an application under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (indicate N/A if Not Applicable)

SHORT TITLE OF THE PROPOSAL: Ukiah Valley Fire District Sphere of Influence Amendment – NOTE: This Sphere of Influence Amendment is submitted jointly with the Ukiah Valley Fire District's Proposal to Annex the City of Ukiah (the "Fire Services Annexation")

TYPE OF PROPOSAL

- | | | |
|---|---|---|
| ☐ City Incorporation | ☒ Sphere of Influence Amendment | ☐ District Formation |
| ☐ Annexation | ☐ Sphere of Influence Update | ☐ District Dissolution |
| ☐ Detachment | ☐ Out-of-Agency Service | ☐ Consolidation |
| ☐ Add Latent Power | ☐ Reorganization (involving an Annexation and Detachment(s)) | |

AGENCY CHANGES RESULTING FROM THIS PROPOSAL

Agency or Agencies gaining territory: Ukiah Valley Fires District

Agency or Agencies losing territory: City of Ukiah (for purposes of Fire Services only)

NOTIFICATION

Please indicate the names, addresses and telephone numbers of all Applicants, Applicant's Agents, and all affected Agencies who are to receive the hearing notice and the Executive Officer's Report:

Name	Mailing Address	Telephone/Email Address
<u>Doug Hutchison</u>	<u>300 Seminary Ave., Ukiah, CA 95482</u>	<u>707.462.7921/ dhutchison@cityofukiah.com</u>
<u>Sage Sangiacomo</u>	<u>300 Seminary Ave., Ukiah, CA 95482</u>	<u>707.463.6221/ ssangiacomo@cityofukiah.com</u>
<u>David Rapport</u>	<u>405 Perkins St., Ukiah, CA 95482</u>	<u>707.462.6846/ draapport@cityofukiah.com</u>
<u>Philip Williams</u>	<u>141 North St., Suite A, Healdsburg, CA 95448</u>	<u>707.433.4842/ pwilliams@wellyweaver.com</u>

--	--	--

(Attach a separate sheet if necessary.)

PROJECT INFORMATION

Please provide project-related information for the following questions:

1. Do the proposed boundaries create an island of non-agency territory? ☐ Yes ☒ No
2. Do the proposed boundaries split lines of assessment or ownership? ☐ Yes ☒ No
3. Does the proposal involve public rights-of-way or easements? ☐ Yes ☒ No
4. Does the proposal involve public land or land assessed by the State? ☐ Yes ☒ No
5. Does any part of the proposal involve land under a Williamson Act Contract or Farmland Security Zone? ☐ Yes ☒ No
6. Does any part of the proposal involve land with a Wildlife/Habitat Easement or Agricultural Land Conservation Easement? ☐ Yes ☒ No

List the affected Assessor Parcel Numbers, Owners of Record and Parcel Sizes (attach separate sheet if necessary):

Assessor's Parcel Number (APN)	Owner of Record	Parcel Size (Acres)
Please see attached list.		

7. Physical Location of Proposal: **The City of Ukiah City Limits**

(Street/Road, distance from and name of Cross Street, quadrant of City)

8. Has an application been filed for an underlying project (such as Development Plan, Conditional Use Permit, or Tentative Subdivision Map)? ☐ Yes ☒ No

If Yes, please attach a Project Site Plan or Tentative Subdivision Map.

If No, please provide an estimate of when development will occur: **Not Applicable.**

9. List those public services or facilities which will be provided to the affected territory as a result of the proposed action:

Please see the attached Plan for Services.

10. Indicate which of these services or facilities will require main line extensions or facility up-grades in order to serve the affected territory:

None.

11. Has the affected agency negotiated a tax share agreement or made a determination that the proposal is revenue neutral (Section 99 of the California Revenue & Taxation Code)? Please include documentation or explanation.

The City of Ukiah understands that, in accordance with Revenue & Taxation Code, section 99 (b), once the application is filed with LAFCo, the Executive Director will transmit that application to the County Assessor and the County Auditor. Those officials are then to provide information about the allocation of local governments of property tax revenues generated in the affected area, in our case the City of Ukiah. The County Auditor is then to notify “each local agency whose service area or service responsibility will be altered of the property tax revenue “that is subject to a negotiated exchange.” (Rev. & Tax Code, § 99 (b)(3).)

12. Provide any other justification that will assist the Commission in reviewing the merits of this request. (Attach separate sheets as necessary)

Please see attached Plan for Services.

SUBMITTALS

In order for this application to be processed, the following information needs to be provided:

- ☐ Two copies of this Justification of Proposal, completed and signed with original signature(s)
- ☐ Agreement to Pay form, completed and signed with original signature(s)
- ☐ Five prints of a full-scale proposal map showing the affected territory and its relationship to the affected jurisdiction (and prepared to State Board of Equalization specifications) – include an electronic version if available
- ☐ Five copies of an 8.5” x 11” or 11” x 17” reduction of the proposal map, include an electronic version if available
- ☐ Three copies of a metes and bounds description of the affected territory, include an electronic version if available
- ☐ One certified copy of the City Council and/or Special District Board of Directors Resolution of Application; or a petition making application to LAFCo (as appropriate)
- ☐ Written permission from each affected property owner (or signature form)
- ☐ One copy of the project environmental document (One Compact Disc if more than 25 pages)
- ☐ One copy of the project Notice of Determination
- ☐ Three 8.5” x 11” copies of the Vicinity Map (if not included on the proposal map);
- ☐ One copy of the plan for providing services along with a schematic diagram of water, sewer and storm drainage systems (refer to Government Code Section 56653);
- ☐ One copy of the Tax Share Agreement
- ☐ One copy of the Pre-Zoning map or description (as required by Section 56375);
- ☐ One copy of the Statement of Open Space (Ag) Land Conversion (refer to Section 56377);
- ☐ One Copy of the Statement of Timely Availability of Water Supplies (refer to Section 56668(l);
- ☐ One copy of the Statement of Fair Share Housing Needs (if residential land uses are included in the proposal) (refer to Section 56668(m));
- ☐ One copy of the project design (site plan, development plan, or subdivision map);
- ☐ One copy of the Residential Entitlement matrix form (if residential land uses are included in the proposal); and

- ☐ Filing and processing fees in accordance with the LAFCo Fee Schedule and the State Board of Equalization Fee Schedule.

Note: Additional information may be required during staff review of the proposal.

CERTIFICATION

The undersigned hereby certifies that all LAFCo filing requirements will be met and that the statements made in this application are complete and accurate to the best of my knowledge.

Daytime Telephone: _____

Plan for Providing Services

The Ukiah Valley Fire Protection District (the “Fire District”) proposes to annex the City of Ukiah (“Ukiah” or the “City”) for purposes of providing all services that are deemed necessary and allowed pursuant to the Fire District Law of 1987 to include: Fire protection, Emergency Medical Services, Rescue services, Hazardous materials emergency response services, Ambulance services, and any other services deemed necessary related to the protection of lives and property to the City of Ukiah that a Fire Protection District is authorized to provide.

Currently, the Fire District provides fire services to Ukiah through the Joint Exercise of Power Agreement entered into between the Fire District and Ukiah (the “Fire JPA”). The Fire District’s personnel are all Ukiah employees and all Fire District fire stations are located outside Ukiah.

The purposes of the proposed annexation are to: further strengthen the operating relationship between the Fire District and Ukiah; establish a fair and equitable funding resource for fire and emergency medical response services for all Ukiah Valley residents; and ensure fiscal stability of fire and emergency medical response services for the long-term benefit of Ukiah Valley residents served by the Fire Authority.

Should LAFCo approve the proposed annexation, the same services currently being provided will continue to be provided by the same personnel using the same facilities and equipment. If approved, the annexation will allow the Fire District to meet its share of the 50/50 operating cost share called for in the Fire JPA, which will directly benefit the Fire Authority’s ability to maintain existing levels of service and to provide improved fire and emergency medical response services to all Ukiah Valley residents.

1. Enumerate and describe the services to be extended to the affected territory.

The Fire District provides fire suppression, advanced life support, technical rescue, hazardous materials emergency response, Fire Code plan reviews, fire and life safety inspections, and public education services (“fire services”) to the City of Ukiah and the Fire District.

The Fire District provides fire protection services to the City of Ukiah and to approximately 80 square miles to the north, east, and south of the City. Its boundaries stretch from Highway 101 at Nelson Ranch Road to the south to the Gold Gulch drainage on Highway 101 to the north – including the southern half of Lake Mendocino – to the top of Cow Mountain to the east and the top of Highway 253 to the west.

The Fire District serves a population of around 34,000, with approximately 16,000 inside the City and approximately 17,000 outside.

2. The level and range of those services.

The Fire District owns three stations and operates primarily from two. Each station has a Type I Engine owned by the City, a Type II/III Engine owned by the District, and an Ambulance owned by the City. Additionally, the District's Volunteer Firefighters work primarily out of the City owned Central Fire Station, which also houses a mixture of City- and District-owned apparatus.

In 2020 there were 3761 calls for service, with 2507 within City limits and 1254 in the Fire District. Average response times vary throughout the Ukiah Valley with an average of five minutes fifty-five seconds within City limits. The Fire District has an Insurance Services Office rating of 4 on a scale of 1 to 10, with 1 being the highest score.

Based on the International City Manager's Association's recommendation of .98 firefighters per thousand residents, the Fire District should have at least thirty-three firefighters. The National Fire Protection Association Code and Standard 1720 calls for a minimum of fifteen firefighters to respond to a residential structure fire in an urban area (defined as an area with more than 1000 people per square mile). With current personnel resources, the Fire District rarely achieves half that.

The Fire District is authorized nineteen full-time firefighters¹, not counting an administrative assistant. Broken down by official title, those nineteen positions reflect: one Fire Chief, three Battalion Chiefs, six Captains, six Engineers, and three Firefighters. The Fire District employs no full-time firefighters and has twenty volunteer firefighters. All full-time staff are employees of the City, and reflect the authorized positions, except that the Fire District is short one Battalion Chief and one Firefighter. Daily, on-duty staffing is five full-time firefighters covering two stations.

Often Engines are sent on a call as "Engine Couples" rather than as an Engine Company. The task organization of a Fire Engine Company typically calls for a Captain, an Engineer, and a Firefighter. Current personnel resources very often preclude forming an Engine Company, and instead often result in two firefighters on an Engine. This personnel restriction further exacerbates the concurrent call situation because the Fire District often has to send both Engine Companies (as "Engine Couples") to a single incident to have sufficient firefighters on the scene. For example, a fire that requires three firefighters may result in two Engine Companies responding, with no remaining firefighters available to respond to a concurrent call.

The Fire District works cooperatively with state and local agencies. It has automatic aid agreements with Cal FIRE, and a mutual aid agreement with Redwood Valley / Calpella Fire District and the Hopland Fire Protection District. The Fire District is a sponsor of the Mendocino Fire Safe Council.

¹ To avoid confusion, as used primarily in this document, the terms "firefighters" and "firefighter" are intended to mean those employees engaged directly in firefighting activities. In comparison, the terms "Firefighters" and "Firefighter" reflect a specific position with specific responsibilities and qualifications.

The Fire District and the City have been maximizing the efficient provision of fire services in Ukiah Valley since 2012. In 2012, Ukiah hired the Fire District Chief to also serve as the Ukiah Fire Department's Chief and approved a cooperative agreement with the Fire District to drop jurisdictional boundaries of the two fire agencies. Since that time, the two entities have taken additional steps to improve efficiencies, including entering into the Fire JPA.

3. Indicate when those services can feasibly be extended to the affected territory.

As indicated above, upon approval of the proposed annexation, the same services currently being provided in the Fire District and within Ukiah will continue to be provided by the same personnel using the same facilities and equipment. Therefore, services will be extended to Ukiah. While it is plausible that, once financing equilibrium has been achieved between Ukiah and the Fire District through approval of the proposed annexation, certain components of fire services may be increased or improved, it would be entirely speculative at this point to guess what those increased or improved services may be, as those decisions will need to be informed by current circumstances by the elected leadership of Ukiah and the Fire District. In any event, Ukiah and the Fire District seek to maintain service levels to the existing service territory to the extent of available resources.

4. An indication of any improvement or upgrading of structures, roads, sewer or water facilities, or other conditions the local agency would impose or require within the affected territory if the change of organization or reorganization is completed.

Although not required or planned for at this time, the Fire District is expected to realize a net gain of approximately \$500,000 annually toward rebuilding its reserves, and these revenues may be used in any number of ways related to improve fire and emergency medical services within the Fire District's boundaries, to include additional personnel, equipment, or facilities. This increase in annual net revenue will be accomplished by applying its current special tax measures, Measures B and J, and mitigation fees on properties within Ukiah's City Limits.

While it would be entirely speculative and inappropriate to identify and commit to specific improvements upon annexation, there are a number of readily identifiable deficiencies under the current regime. Those deficiencies include: inadequate sleeping quarters for personnel, ADA non-compliance, seismic deficiencies, and emergency generators for power during outages.

5. Information with respect to how those services will be financed.

Background

The current arrangement for funding of the Authority is a 50/50 split between the City and District in operational costs, including personnel, services, materials, and supplies; capital maintenance; and indirect costs. Capital outlays are the responsibility of each agency independently, as is any respective outstanding debt service. The District was unable to fully fund its participation in this arrangement given its available revenue sources, so the City agreed to subsidize a portion of the District's share for a limited time until the District could generate new or enhanced. As a result, the effective cost share has not been the agreed upon 50/50 split but

rather a ratio closer to 75/25 City. And even at this de facto cost-share, the District's revenues have been insufficient, requiring it to draw down available reserves.

The City and District are fundamentally different governmental entities. The City is a general-purpose government providing various municipal services deemed necessary and desirable by the City Council. Those include public safety, such as police and fire services, public works (streets and public rights-of-way), recreation and culture, building, and planning. To fund those services, it levies and collects within its jurisdictional boundaries various sources of general revenues, including property and sales taxes. It also provides utility services, including water, wastewater (sewer), and electricity services. However, under Propositions 218 and 26, revenues collected from utility rates, fees, and charges can only be used in the provision of those services and cannot be used for police or fire. The District is a special-purpose governmental entity – to provide fire prevention, protection, and response services to the unincorporated areas of the Ukiah Valley within its jurisdictional boundaries. All revenues it levies and collects can be used only in the provision of fire services. Its primary revenue sources are property taxes and assessments.

These different revenue sources are not applied throughout the entire service area. Both the City and District receive only minimal portions of the 1% ad valorem property tax and at different rates. Inside city limits, sales tax is collected, with additional funds collected through Measure P, dedicated by the City Council to fund public safety. Measure P funds are inadequate to wholly fund the City's contribution to the Fire Authority, requiring additional contribution of other City general fund dollars. The District collects no sales taxes. Instead the District relies on two special tax measures, Measures J and B, that assess a flat amount per benefit unit on a given parcel. These two measures make up the bulk of the District's tax revenue. The number of benefit units varies based upon the development and use of the property. The major weakness of these special District taxes is that they are flat taxes without adjustments for inflation, that have not increased since they were approved by voters and have lost considerable value due to inflation. Additionally, Measure B can only be used for equipment and training, not additional staffing which is a critical need at this time.

Proposed Financing Solution

The proposal is for the District to annex fire services from the City, which effectively would overlay the District's proprietary special tax measures, known as Measures B and J, as well as their mitigation fees on properties within city limits. Estimates put new revenue generation from the overlay between \$850K to \$1 million annually. It is a fair, stable, and equitable application of revenue generation that would benefit the entire services area and ensure funding in the intermediate term for adequate fire protection and response services for all served by the City and District.

Additional revenue to the District (estimated to begin in the 2022-23 fiscal year) resulting from the overlay will allow the District to participate in the Authority's funding more closely to the agreed upon 50/50 cost share target with less direct subsidy by the City (see Figure 1). Lack of those additional revenues will degrade the District's contribution further and require the City to contribute an even greater share of the operational cost of the Authority from general revenues (of which sales tax is a significant portion), ultimately resulting in District residents who provide sales

tax dollars to the City of Ukiah bearing a disproportionately larger cost burden (see figure 2). Further, to maintain its contribution even at a 76/24 (2020) share with no additional revenue, the District would need to continue to draw down reserves, a practice that is unsustainable in the intermediate and long term.

This recommended funding solution is the first step to ensure adequate and equitable resources are available to ensure fire mitigation and response services to the greater Ukiah area. The constraint of measure B and J not having an annual inflator will still inhibit funding growth commensurate with growth in service demand and service costs and will certainly need to be addressed in the future; however, this proposal is the most efficacious and practical path forward. Doing so would also not necessarily require altering the current agreement for shared management we have in place and would serve to strengthen the bonds between the City and District.

Figure 1²Figure 2³

² More detail is provided in Schedule 1, attached hereto. Proposed new revenues from overlayed District property taxes would begin in 2023.

³ More detail is provided in Schedule 2, attached hereto. Proposed new revenues from overlayed District property taxes would begin in 2023.
