The Design Review Board serves as an advisory body to City staff, Zoning Administrator, Planning Commission and City Council to make site design recommendations consistent with the City's Design Review Guidelines. The Design Review Board works with staff and applicants to review proposed site development permit applications, planned development applications and precise development plans, and make recommendations concerning architecture, site design layout, landscaping, parking, signage, exterior lighting and other aspects of urban design to City staff, Zoning Administrator, Planning Commission and City Council as appropriate.

The Design Review Board encourages applicants and/or their representatives to be available at the meeting to answer questions so that no agenda item need be deferred to a later date due to a lack of pertinent information.
